

The following is a Summary of revisions to Sarah Reed Children's Center's Notice of Privacy Practices effective September 23, 2013.

- You have the right to be notified following a breach of your unsecured protected health information.
- You have the right to restrict disclosures of your protected health information to a health plan when you pay out of pocket in full for the health care item or service you receive.
- You may ask for a copy of your electronic medical record in an electronic form, with fees charged not exceeding labor costs.
- You may opt out of receiving fundraising and marketing solicitations.
- Your health information cannot be sold without your consent.
